

Acing the NEW SAT!

The SAT can be intimidating, but test-taking strategies can prepare your student for success.

This is it – Junior and Senior year of high school. College Admission Offices are watching carefully. It's time to do really well in school – in classes, clubs and extracurricular activities, service organizations, sports, and ...on the **DREADED SAT**.

I offer a comprehensive course in ACT Preparation so your student can achieve a score reflective of their true potential.

In sessions, we focus on general test-taking strategies, including pacing, and practice answering all types of questions found on the SAT. Topics include:

Proven Experience

- 10+ years experience in SSAT/SAT/ACT/PSAT Prep classes
- 20+ years experience in foreign language and general subject area teaching and tutoring (Spanish, French, and German)
- World Language instructor at Summit School

- **Critical Reading**
- **Math**
- **Writing and Language Skills**
- **General test-taking strategies**

Course Fee

\$1,400*

*In addition to the course fee, students will be required to purchase the the most recent edition of *Cracking the SAT* by Princeton Review.

"Our daughter's score went up 200 points on the SAT after working with you, and we can't thank you enough for your help and guidance. She is exactly where she needed to be!!"

~ Rosalie B

"We highly recommend Peter Terry's SAT Preparation class for your high school student. Peter quickly earned the respect of our son with his genuineness and positive influence. Peter worked with our son during both his junior and senior year. Not only did his SAT scores increase, so did his confidence."

~ Mark J.

"My children learned a great deal and it was evident in the results. Your program was a great investment, and as a result, I often refer others to you. I have received great feedback from my referrals about your program. Keep up the great work!"

~ Monica A.

My Course includes:

- Sixteen sessions of individualized instruction over approximately eight weeks. Sessions are conducted in my home, each lasting an hour to an hour and a half. Scheduling is flexible based on mutual availability twice per week – typically one on weekday evenings and the other during the day on weekends.
- Our goal is for each student to take several practice tests so that on test day they will be calm, cool, collected and comfortable because they already know exactly what is coming and what to expect...they will be **READY!**
- Detailed review and assessment of performance on all practice tests.
- Mastery of test-taking strategies through comprehensive drills and practice exercises covering all aspects of the NEW SAT.

Each student will also receive a comprehensive booklet entitled: **Cardinal Rules of the SAT** highlighting test-taking strategies for each section of the SAT in a nutshell.

Class size is small to ensure effective personalized instruction - typically one-on-one instruction, but class size may increase to 2-3 students from time to time. There will be **mandatory homework** assigned between sessions. I know this is not pleasant, but it is a necessity for success.

It is recommended that tutoring **sessions begin a minimum of 8 WEEKS prior to the registered test date.** The regular registration deadline for each SAT test on the College Board website is typically 5 weeks prior to the test date.

Please contact me to schedule your child's tutor program start date. If you don't feel your child needs the entire course, but would benefit from individual sessions focusing on a particular area or areas, that is also a possibility. We could also meet for individual sessions at a rate of \$80/hour.

If you have any further questions, I would be glad to answer them. I wish you all the very best for a successful and rewarding school year!
